

Packaging for your life.

MIDI-B
THE VERSATILE BOTTLE
MADE OF 100% ALUMINIUM

DESCRIPTION

Depending on the application and the desired look, our aluminium bottle with diameter 35 mm can be implemented with a GCMI 24/410 thread, a ROPP18 thread, or a PP28/ROPP28 thread. It is thus suitable for a broad range of purposes – from drinks to cosmetics. For a more climate friendly approach, the bottles can be produced from post-consumer recycled aluminium with a drastically lower carbon footprint.

The benefits of our LINHARDT bottle series are obvious: Our aluminium bottles are lightweight, shatterproof, opaque, aroma-proof and highly recyclable – all while being an elegant eye-catcher.

TECHNICAL DATA

- Diameter: 35 mm
- Length: 80 mm - 155 mm*
- Fill volume: 50 ml - 120 ml
- Thread: GCMI 24/410 | ROPP18 | PP28/ROPP28
- Food conformity
- MOQ 50,000 pcs

YOUR BENEFITS

- **Significantly reduced carbon footprint** of PCR bottles compared to glass
→ Midi-B 50 ml: **64% lower carbon footprint** than a comparable glass bottle**,
90.2 g CO₂e per bottle (glass) vs. 32.2 g CO₂e per bottle (PCR aluminium)
- **Lightweight → Reduced transport emissions**
→ **80% lower CO₂ emissions** for the transport of the Midi-B (50 ml)**
- Shatterproof
- Safe for use at events: No misuse of the bottle as a projectile
- Excellent barrier properties: opaque & aroma-proof
- Sophisticated aluminium look
- 360° inline direct print: Offset print with up to 6 colours, no label required
- Outstanding recyclability
- Quality „Made in Germany“

*Midi-B with GCMI 24/410 thread available with length 85 mm - 155 mm

**Comparison between Midi-B (PCR aluminium, ROPP18 thread, 50 ml) and comparable 50 ml glass bottle
